I am so glad you
came over here from your
academy! I bet you had
a very bouncy time. You
can make up for it as our
school year's and miss I think
too. Have a lot of fun with
Gloria too. Summer and see
you a wonderful girl. Don't close
for too. Well I better close
now. Why the wisel blew
sometimes too. What a
poor "toot"
Didn't we look cute sitting
in middle of the floor with
up. Oh well. Good luck!
Best Wishes!

I have lots of fun.

FOREWORD . . .

We, as students, are always looking ahead toward new heights, but now and then we do take time to page back through our memories and to recall our lowly freshman year when we were wondering what it would be like to be seniors. Now, as we are looking back, we realize that it will be hard to leave the campus where for four years our lives have been packed so full of exciting, serious, and sometimes humorous activities—spiritual, mental, and physical—many of which are pictured in this volume. But often through the years we shall take time to look through the **Lodian Lights**, remembering the wonderful experiences and fellowship that we have enjoyed as students and teachers together at Lodi Académy.

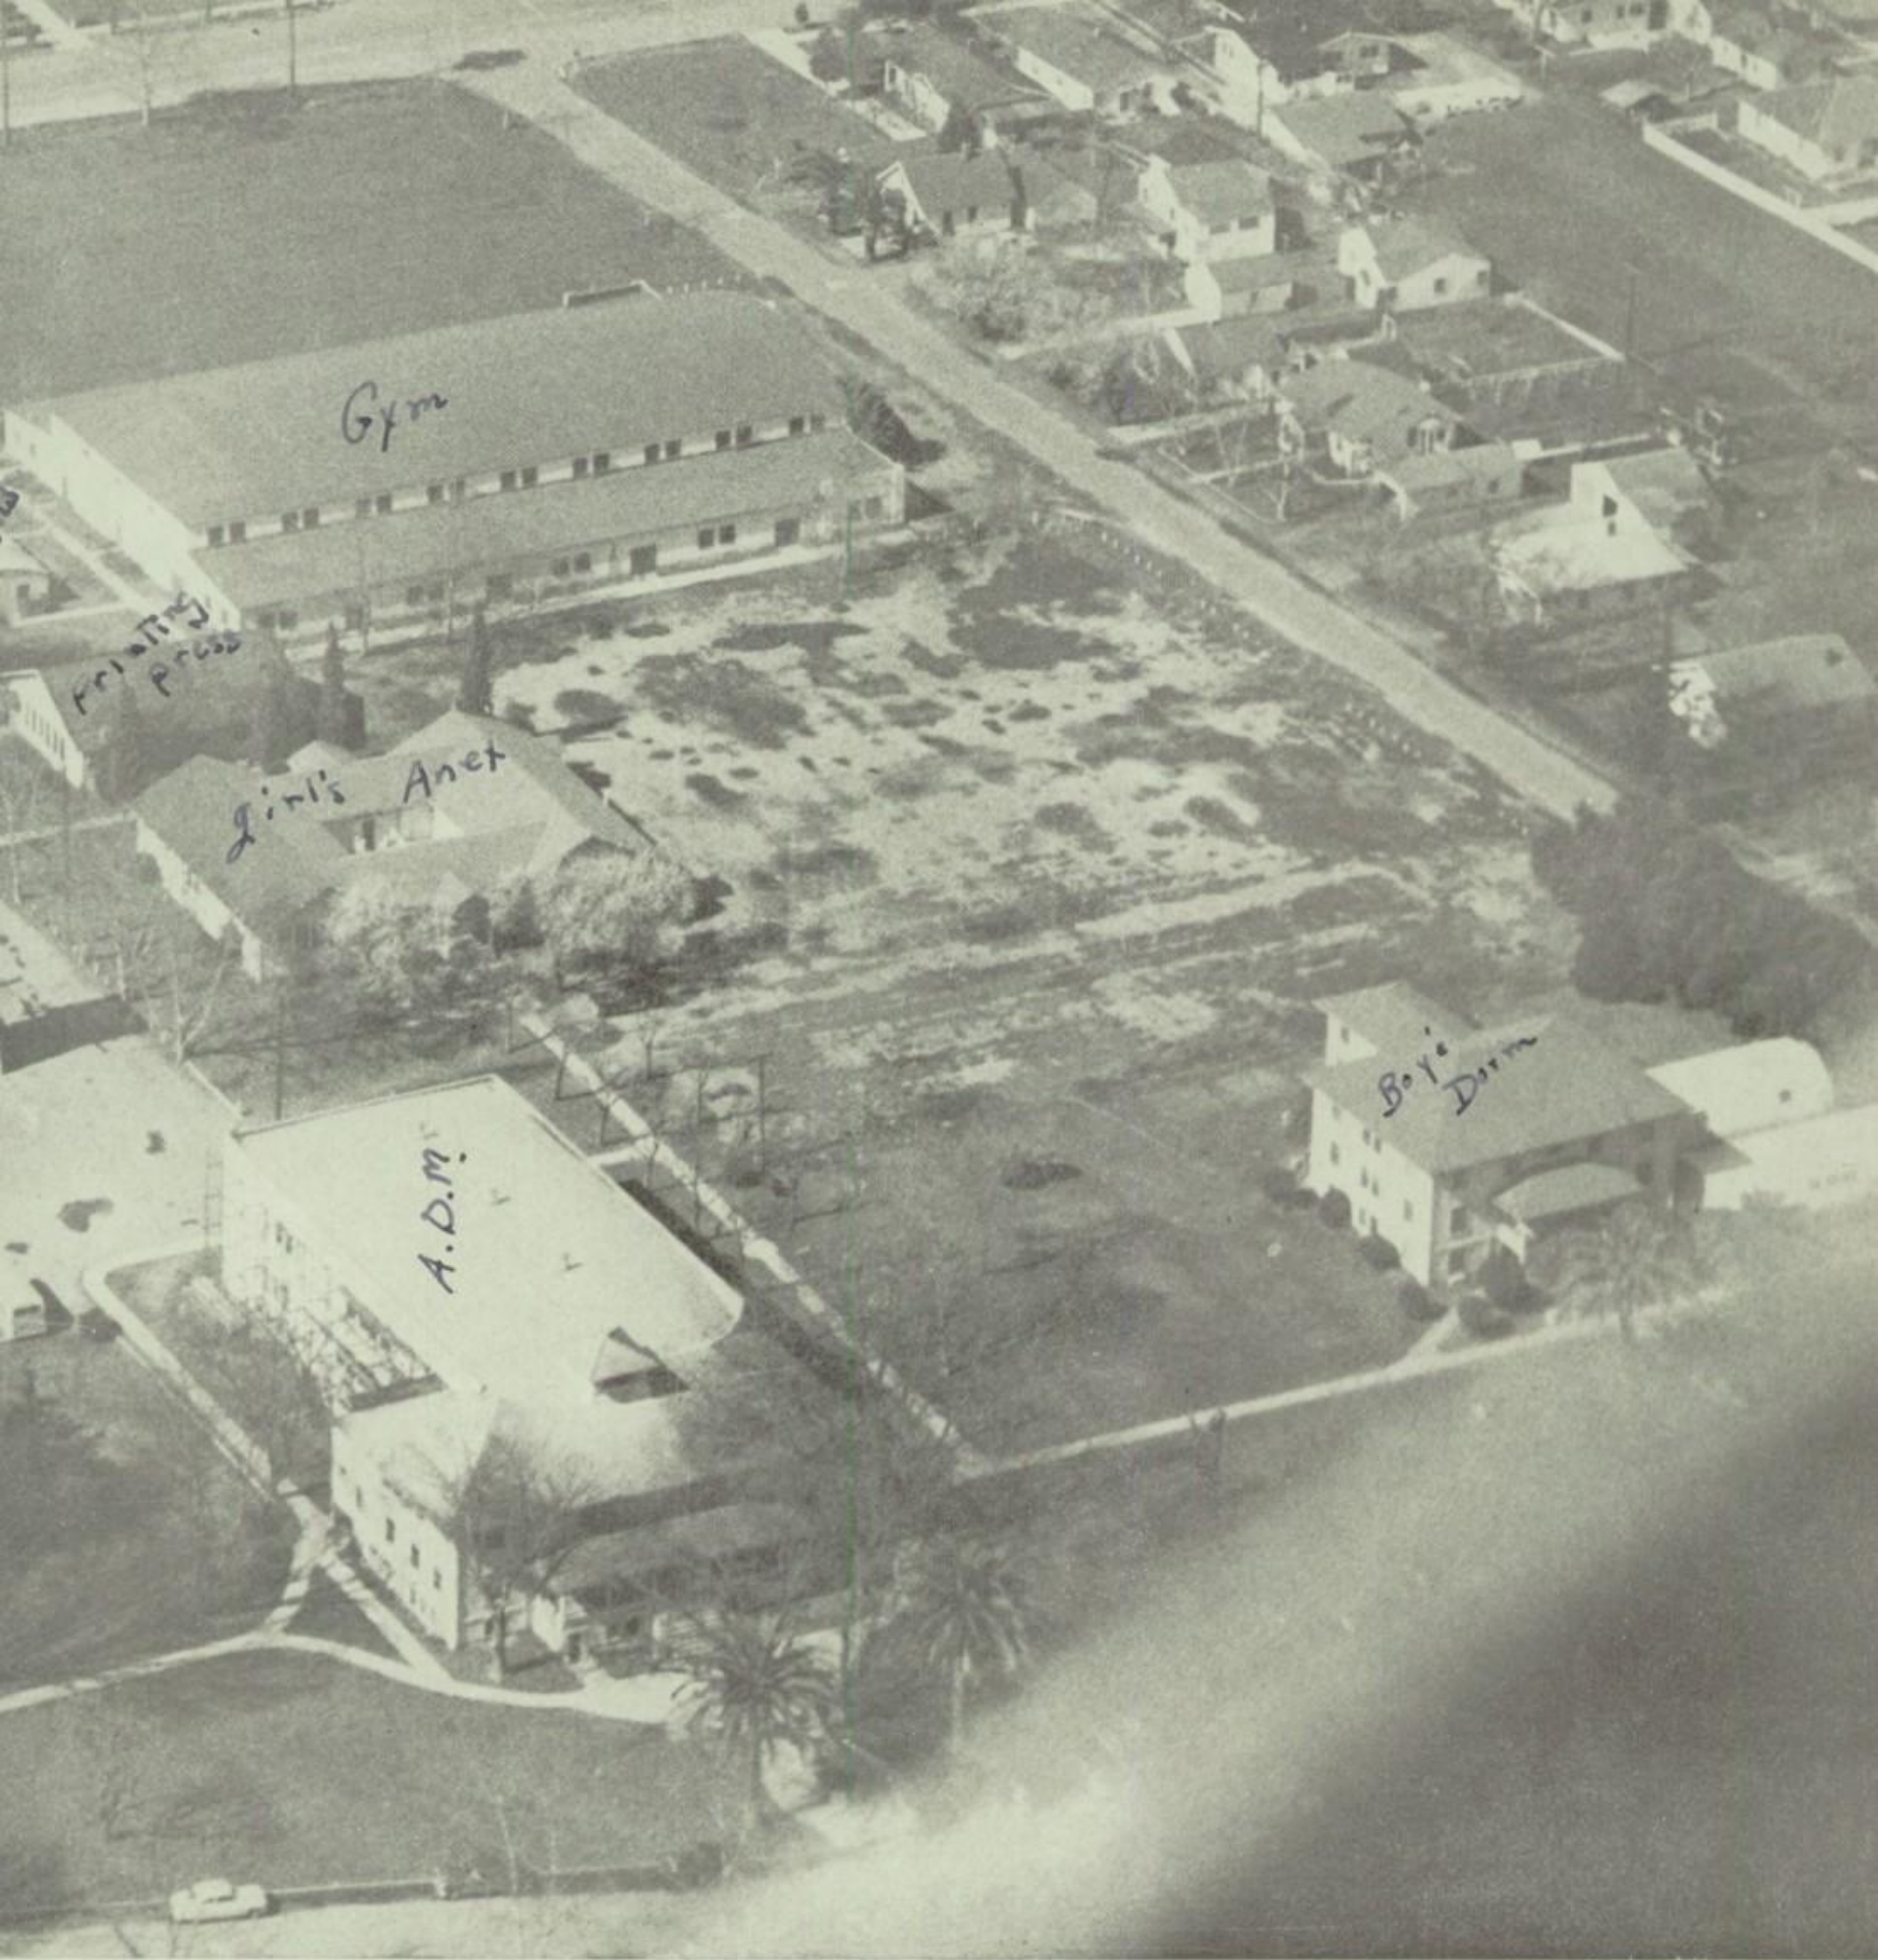

Dear Mom & Dad
This seems to be the
appropriate page for
your annual! Thank you so much for the
fun we had in both band and gym!
I remember all those nights I didn't go to bed and
the crazy mood I was in the next day? Well be
good and don't do anything I want to!!

MOM AND DAD . . .

WE, as students, are always looking ahead toward our future life, but now and then we do take time to page back through our memories and realize how lucky we are to have parents who have taught us, played with us, counseled us, guided us, and inspired us. Because of your constant efforts for our success, your patience with our shortcomings, and your diligence in upholding high ideals for us, we proudly and gratefully dedicate this annual to you.

THESE ARE OUR

PRINCIPAL'S MESSAGE

Youth of Lodi Academy as you work and study, seek for the blueprint of service the Master has for you. Your Christian education here should give you a foundation training for the kind of persons the world is needing today.

It is easy to become so busy in self-preparation that there is little time left for the touch of human understanding which is necessary if we are to be large in thought, in word, and in deed. Lift high your heads, have faith and courage to see the need of the world today, then live and serve.

Your journey may lead you up hill and down or the way may be weary and long, but never forget that you do not travel alone. A heavenly messenger is always by your side. His grace is sufficient.

FACULTY

The Roths reflect a happy family, as Wally and Carolyn pause in their piano practice.

Mr. and Mrs. Wilkinson share with Miss Morel their color pictures of several vacation trips to Canada.

Veradeen's fingers wander over the piano keys as Mr. and Mrs. Watts relax by the fireplace.

Richard, Charles, and Terry keep life from becoming monotonous for their mother and dad, Mr. and Mrs. Gibbon.

Spring fever strikes

Chemistry is explored

Just as you have now come to the end of the Senior Class pages, so we Seniors have come almost to the end of our academy schooling. As we look back over the four years during which Lodi Academy has been our home, we think first of our freshman year and of the time we first set foot upon our academy campus. At that time, finding academy life so new and altogether different, we entered into each new experience with exciting anticipation, as well as with great awe. Oh, how we gazed with deepest respect at the Seniors who buzzed right past us!

Once we became sophomores, we felt that we really were getting up on the ladder to success. Next was the junior year, when we tried so hard to outsmart the Seniors, who—for some reason or the other—always kept a step ahead of us.

Then came that wonderful feeling of being Seniors, that even better feeling of "having made the class," and that best-of-all feeling of knowing that we have made the grade and that we shall be receiving the principal's congratulatory handshake at the end of a successful senior year.

We trust that you, our parents and friends, will enjoy these memories as much as we do, each time you browse through the **1951 LODIAN LIGHT**.

Dearest Jeanie
 will write a few
 lines. You wrote such
 a long one in mine so I
 try to think of something for you
 although a little bit on the mean
 side sometimes, but if I had to
 do it all over again, I'd
 do the same things. It's
 to bad about Ricky because
 we would have had alot of
 fun. I would have loved Nick,
 stayed out all night with him,
 Ricky and you. But I guess that's
 life. Maybe someday we'll find some
 one a little better than him. But Lord
 that phy + of Nick!! How I'd like him!!
 Bartell, huh! better than just as good as
 We will have to stay out all night again
 sometime soon. I'm starting to
 feel very moody. I think I need
 to get out again (you know what
 I mean)
 Maybe when June gets back we
 can all start running around
 together.
 Do you still have the mad
 crush for Kenny. I hope not.
 Well, Jeanie, I've enjoyed your
 friendship very much. We can
 have alot of fun together if nothing
 goes wrong. We seem to have alot
 in common. I also wish you alot
 of fun, happiness, and success,
 But for your friends and for
 "Frenchie"

Winter or Summer

No matter what time of year you visit Pacific Union College, there is plenty going on. With College enrollment at an all time high, PUC offers you more opportunities than ever before. New buildings, new courses, new state accreditation—everything you expect of a first-rate college.

But still unchanged are the high ideals of a real Christian school—the standards of Christian education that have made Pacific Union College known throughout the world. You'll be proud to claim Pacific Union College as **your** college—always.

Dorothy Davidson, Russell Marshall, and Marilyn Hill, members of Lodi's Class of '50, had a good time during the big snow at the College this winter. There will be many more former Lodi students at PUC to greet you when you arrive in September.
